

Takeoff and Landing Hazard Avoidance

This presentation will take an in-depth look at the hazards associated with takeoff, departure, approach and landing phases of flight. The seminar will provide a comprehensive set of practical recommendations for avoiding these hazards. In addition, there will be a review of emergency procedures with special emphasis on N14 and surrounding airports.

Directions: This presentation will be held on the first floor at Midlantic Jet at KACY.

A message from the National FAASTeam Manager

Over 10,150 AMTs earned an AMT Award last year. Will you, this year?
